CFORCE

CFORCE 450 / 450 L

CFMOTO answers the call of customers looking for a rugged, maneuverable and affordable midsize machine with the CFORCE 450. Built tough to handle the demands of your day, its quality starts with a high-strength steel-frame backbone, matched to a proven single-cylinder liquid-cooled SOHC engine and smooth CVT transmission. The robust output of the 400cc engine, plush suspension travel, four hydraulic disc brakes, 24-inch AT tires, comfortable ergonomics and 1350-lb towing capability puts the CFORCE 450 on par with bigger brands in all aspects. Whether you're moving equipment on your property or tending to the livestock, the CFORCE 450 has the advanced features, accessories and all-day comfort to get the job done.

CFORCE 520 / 520 L

With a tighter turning radius, a stronger frame, even more suspension travel and comfort, and increased loading capacity, the CFORCE 520 will take on your toughest tasks, and still be ready for fun when the work is done. The 495cc engine of the CFORCE 520 adds more power and more possibilities to CFMOTO's venerable ATV platform. Fortified with EPS, bigger torque and premium accessories such as RIDEVISION® LED lights, aluminum alloy wheels, and 25-inch AT tires bring its rugged capability to a new level. Handguards, and interchangeable luggage racks with the CFCONNECT quick-release system add comfort and convenience. Standard features like a remote-control 2500-lb winch and an array of available accessories make the CFORCE 520 an ideal machine to outfit for your adventure.

CFORCE

CFORCE 625/625 TOURING

With a focus on upgrading power, CFMOTO offers a revised 580cc liquid-cooled 4-valve single-cylinder engine in the CFORCE 625. Power delivery remains smooth, predictable and strong, now with an all-around higher output across the power band. An all-new ECU and electronic throttle ensure the torque is maximized throughout the rpm range, and also makes it possible to equip the CFORCE 625 with Dual Power Modes, to suit the needs of your work throughout the day. EPS, full hydraulic disc brakes, double A-arm suspension continues to provide a comfortable ride and agile performance. The camo version is specially equipped with dark alloy rims, ideal for hunting activities. The CFORCE 625 comes in both single rider and two-up versions.

CFORCE 850 XC

With the big-bore grunt of an 800cc V-twin, long-wheelbase stability and plenty of features to maximize fun and function, the CFMOTO CFORCE 850 XC features both outstanding performance and versatility. It is sure to provide riders with great riding experience and also rich in accessories engineered to maximize the riding fun.

CFORCE 1000

The mighty CFORCE 1000 puts out more power than any other machine in CFMOTO ATV family. Through its 963cc V-twin liquid-cooled engine, the CFORCE 1000 has the muscle to handle heavy loads and tackle rugged terrain. Superior driver comfort and choice accessories offer outstanding performance, functionality and aesthetics that make long days in the seat more enjoyable. A CVT transmission, power steering, 2WD/4WD capability with locking front differential equip the CFORCE 1000 with rugged capability. Long wheelbase, alloy wheels and 27" tires, and a heavy duty 3000lb winch ensure you always have that little bit extra to handle your toughest tasks.

CFORCE 1000 OVERLAND

The OVERLAND is the premium flagship of the CFORCE line. Factory-fitted extras to the most powerful ATV from CFMOTO include beadlock rims, front and rear protector bars, LED riding lights, an 8mm HDPE full-length skid plate, premium camo paint, fender extenders and windshield. All-day comfort, precise handling and premium onboard equipment give you the freedom to explore, and the freedom to take it all with you. Generous storage capacity and room for a passenger mean you can get away for an afternoon, a day, or even a weekend with everything you need for comfort and convenience in the great beyond.

Focus on the adventure

CFORCE

UFORCE

UFORCE 600

Bursting with standard features such as progressive EPS, the UFORCE 600 is more powerful, more agile and even more work ready than its predecessor. Take on the outdoors with confidence, and power through your workday quicker with lightweight handling, 4x4 capability and a gas-assisted cargo box. In addition to the outstanding base spec, the UFORCE 600 is also highly customizable thanks to the huge CFMOTO accessories catalogue. The UFORCE 600 puts power, capability and versatility in your hands, whether it is geared toward work, fun, or the balance in between.

UFORCE

UFORCE 1000

The UFORCE 1000 is the all-round winner in the CFMOTO utility range with neutral ergonomics, outstanding design, potent power and excellent handling performance. Switchable 2WD/4WD technology and additional integrated technologies further improve its premium utility performance. The UFORCE 1000 will help you tackle your toughest tasks while ensuring a comfortable, safe and capable ride.

-  Nebula Black
-  TrueTimber Camo

UFORCE 1000 XL

The UFORCE 1000 XL boosts the toughest UTV in the CFMOTO family to a six-seater. Based on the powerful and rugged UFORCE 1000 platform, this all-new model's strong performance allows the vehicle to move your crew and equipment with greater efficiency. Whether it's getting your staff to the job-site, or getting your family to the lake for some fun, the UFORCE 1000 XL gives you the power to get it done in less time.

ZFORCE 1000 SPORT R

With even more horsepower, a sturdy and wideset 64-inch width and more agile handling, CFMOTO has elevated the all-terrain performance of the ZFORCE 1000 SPORT to new levels.

All-new sway bar is a gamechanger in lateral stability, and optimizes the ample 340mm of front suspension travel. The rear suspension adopts a new quad-link structure, and trailer arm with a rigid sway bar. 395mm of rear suspension travel means you can conquer even tougher obstacles. 29-inch tires mounted on stylish and rugged 14-inch aluminum beadlock wheels set the stage for ground-gripping action on this powerful sport side-by-side.

YOUTH

YOUTH ATV

CFORCE 110(CE)

The compact, agile off-road chassis of the CFORCE 110 brings more fun to the youth ATV class. The CFORCE 110 is equipped with several of the same performance features found on full-size models including double A-arm independent front suspension, disc brakes and electric start. The 110cc SOHC engine is tuned to produce smooth, linear power that is ideal for learning riders. Electronic technology puts the power of control in parents' hands, and young riders within safety beyond eyesight. Accessible performance means kids can learn at their own pace and their adventures can grow as skills improve.
